miss—settimated cost \$0,000,000.

The Zanesville Republican, of the i8th ult. furnishes the following agreeable information in regard to the dispute between Ohio and Michigan:

"The war respecting the disputed territory between Ohio and Michigan is over without bloodshed. The people went on to elect their township officers on the 6th ult., in conformity with the laws of Ohio, without moleantion, and the Commissioners are progressing with the survey of the line. The military invenients on the part of Michigan have been suspended, and the dispute will no doubt be settled by the next assessor of Congress."

Congress.

Look over, Lada,—A case of breach of promise of marriage was tried at the County Court at Newlane, Vt. last week. The parties were Mrs. Streeter, of Whitisuphani, against a Mr Rice, of Reedsbore, Vt. In this case the defendant forget to fulfil his promise of marriage with the plantiff. The first seidone, leeling herself much aggrieved thereat—which is very natural—brought an action against the delinquent sciedoner for damages sustained by his default; promising that as she could not obtain the shadone, she would accept the substance of her recent suesia. A conscientious jury awarded the sum of \$540 to the much injured damsed, for her disappointment.

ANYMAGUNE COAL—"When Anthrecine Coal first

much injured democt, for her disappointment.

Avituacite Coal.—When Anthracite Coal first came into use—in the year 1820—there was sent to the city of New York, during that twelve-month from the mines (Lehigh) only 365 tons. Since then the consumption has increased as extensively that in the wear past, there was imported in New York, from Lehigh, Schoylkill, and Lackawana, 1,931,307 tons. Lehigh, Schoyfiell, and Lackawana, 1931, 207 ions.
Surgery.—The Norfolk Beacon states that the delicate and often fital Cursarean operation has recently been performed by Professor Gibson with perfect secess, being the first time, the Baccon insumates, that the operation has ever proved success, the second of the notice in the Beacon and both mother and client of the notice in the Beacon and both mother and client were doing extremely well. A full report of the case will be prepared for the Medico Chirurgical Review.

The New York City Inspector, reports the death of 120 persons, during the week ending on Saturday, and 29 gata—Of whom 43 were of the age of 1 year and 29 gata—Of whom 43 were of the age of 1 year and mider. Diseases, consumption 23; convulsions 13;

under. Diseases, consumption 23; convulsions 13; dropey in the head 9; fever scallet 4; small pix 6, &c. Of the above 12 were coloured persons.

The Journal of Commerce says:—"We understand a company has been formed for the purpose of establishing a seem communication between New York and Laverpool. The new marine engine of our countrymen Dr. Church is to be used. The first ship is to be built unserfaced;

behing a steam communication between New York and Laverpool. The new marine engine of our countryman Dr. Church is to be used. The first ship is to be boilt immediately.

Considerable excitement has been created in the city of Wilmington, Del, by the sudden death of two children, named McConnell—a post mortem examination proving that they had been poisoned with arsenic. The cider, a boy about five years of age, died on Trustaly evening, and the other, about two years old, on Friday morning. The examination was made, with the mother's consent, by Drs. Naudain, Gibbons, Frombeiger, Askew and Hodges. No discovery has been made to educidate the mystery that hangs over the event, and the deaths may have been accidental. The National Intelligences of Wednesday, says—we learn that in consequence of certain statements in the newspapers, impugning his character as an officer. Captain Raso of the Navy, has arrived in Washington, and demanded a court martial, which he solicits may be convened for his trial as early as practically. We also learn that in consequence of this cit; cumstance, and, from motives of delicacy, desting to decline any responsible trust putt his character is freed from the imputation which now rests on it, be has requested of the Department to be relief from sense.

With that he rose with a discontented air, took his hat, and left me. I, struck with wonder at this magnificant theory, began to reflect if I could not put it in practice. I began by making an article out of the conversation of my illustrous friend, and then I made

RAMROD'S TINCTURE OF GRIDIRONS. this city; and with the view of informing them of the advantages which will probably arise to the committy at large, from this invaluable preparation, we give place to the anneard communication. The present has been called, very justify, the age of discovery, but we doubt whether any reach of human ingenuity can fairly be classed with that which discovered the heating properties of the Tineture of Gridirons. If the advertisement of the proprietor be true—and is it not aubstantiated by certificates; it will hervalter be prepositerous for a man to think of dying, and he who shall be no silly as nettilly to "shuffle off this mortal coil," must, of necessity, be registered among the list of suicades, and be denied decent burial. Our contemporaries, we pressume, will at once see the necessity of

We have often thought that the saste laws in relation to breaches of prouges of marriage, are exceedingly unjust and arbitrary, and as often wondered that immatried men have not taken the subject in band, with the view of effecting a reform. As we are now about to around the constitution of our state, perhaps it would be well to put in a provision in relation to this matter. Under the present code of laws, the most insignificant attentions upon the part of a gentlemn towards a large, may be construed by a jury of service men into a provision of marriage, and the possibility of the lead of all cooking apparatus hitherto-discovered. To say one who will unamine its convenience and the mode of applying best, the recent decision of the security of the land were beautiful, and made out a pathetic solvey of "prospects blighed may have been used to plead her own cause, either in person or by famile proxy. In this case, if the lady were beautiful, and made out a pathetic solvey of "prospects blighed may have been used to plead her own cause, either in person or by famile proxy. In this case, if the lady were beautiful, and made out a pathetic solvey of "prospects blighed may have been out a pathetic solvey of "prospects blighed may have been as a set of the fact the lady were beautiful, and made out a pathetic solvey of "prospects blighed with the summary of the peers, for what man of gell larity could ment out of a dealer to be composed of an equal number of unnear, ried hales and unnear-ried gentlemen, and as a spon state—the parties throughte, would ment out suried use the prospect of decide upon law as well as a spon state—the parties throughed and an appeal number of unnear, tell hales and unnear-ried gentlemen, and as a spon state—the parties through the prospect of the summariation of the state of the summariation of the sum and the parties and unnear-ried gentlemen, and as a spon state—the parties after the manufactory and selection of the section of the store without tags.

all may forsake me here But I hope God as my friend and I am a friend of his if I have done any thing amins I pway you forgive me you may think it strange that I address you make some first I have seeight fift an opportunity to converse that you would not give me the opportunity to me sought for.

Second note, (existen in jencel.). Treceived your note hast evening you represented and I had forgotten you and have got the property that had been not been not feelings are incorrect you may with property think I have been indifferent to you for some Weeks pass but the cause us not your fault but the reasonal I will explain at a more convenient time.

or in the bearing of other perisons, be inferred from the conduct of the parities towards each other.

Mr. Synague made an able argument for the defence, maintaining that there was no evidence to show that a promise either expressed or implied had been made and broken by the defendant. He concluded by remarking that if such actions as this week such that the conduction pay the commonest excitations as this week able to be said for breach of promise of marriage. Every such person when effering the attentions incidental to that period (contribute which was necessary to the understanding of each other's days with Zacates othinged to enter a reactivation or correct to this effect to the condition, and to same their future happiness, would be obliged to enter a reactivation or correct to this effect to "Re. Assistanding has been considered, henceforth and forever, that though I war upon you, I do not intend to marry

PARGINY.

Oh! how I love to mention hirs,
To hear the normal after harme!
He thinks he play'd the fivel with me,
With him I did the same;
From spart to sport he horized me
And treated when we went;
But life his empty pures, and looks,
I think he does repent. PARODY. Perhaps he seeks attorber for In hopes he may descrive, But it possessed of common sense, the never will be lave; He and will wear the artful lace, The in a toronga land; And it his poten no stronger gets, He'll never get her hand.

They tell me be in happy norw— Tell him I am the more; Ha ions Tra mer I don't regret, Ha pressure gave no pain; Perhaps ikke one he strangles with Same hedings of regret; But what a hekken ape he was, He nevet will hope;

For thee the fragrant sephyra blow, For three descends the suppy shower; The rife in softer mortnurs flow, And be given bloss me gent the bower.

And be ghase bloom-one gent the hower. Light tigness dream'd in flowery wreaths, And typice does their hands combon; And Love his sweet compare to arches, And lengthing dancer round the shrine. Warm with new life, the glitzering throng On quivering fin and routing wing Belighted join their votice songs, And had the's goddewn of the spring. Does of Milrob's reviews faces in our thin.

One of Milton's richest fancises a says, that Adam, discoursing w No. I'd with superior love; as Jupiter On Jone studes, when he impregns the clou That shed May-flowers. Throughout the wide range of poetic excell-here is no puce of higher loveliness than his

Nong an May Morning. Now the bright morning star, day's hardwayer, Comes doncing from the seat, and leads with The flowery May, who from her green lap in. The yellow cowedin, and the pole principal. Hall, bounteous May! that dost insque Mirth, and youth, and warm desire; Woods and groven are of thy dressing. Hill and date both boast thy biessing! Thus we sail to the with our early worg, And welcoull thee, and west thee long.

Figures or Paris.—It is almost superfluous to state that there is in Paris, and, indeed, jn every town or Vriuwe, a corps of fitteners, who are denominated separate possipiers. The men composing it are in general, carpenters.—Their I il dress consists of a military blue case, with red equalities, blue truckers, gainers.
